

***Under the Scope* Module 1 – Ctenophore Structures and their Functions**

Table 1. Ctenophore structures, their function(s), human equivalents, and descriptions/drawings.

Structure/ Adaptation	Function	Human equivalent	Describe or draw what it looks like
ctenes			
bioluminescence			
gut			
lobes	feeding & locomotion		
tentacles with colloblasts			
jelly			
mouth			
apical sense organ		eyes; brain; inner ear
